WORK EXPERIENCE

fām Properties Dubai Apr 2024 - Present
Graphic Designer Dubai, UAE

I create striking designs for social media, agents, flyers, brochures, event invitations, and websites. My focus is on blending creativity with strategic communication to enhance your brand's impact across all platforms.

SugboDoc Technologies Inc Feb 2023 - Oct 2023
Fullstack Web Developer/Designer Cebu City, PH

I gained valuable experience and honed my skills in web development. Fixing bugs, Designing UI/UX, Creating Analysis Report, Implementing API's and Deployment.

Freelance Self Employed June 2022 - Jan 2023
Graphic Designer/Web Development Cabanatuan City, PH

As a self-employed freelancer, I design and develop custom websites for clients and create tailored design solutions to meet their unique needs. My work focuses on delivering high-quality, personalized digital experiences and visual assets that drive results.

EDUCATION

Wesleyan University - Philippines A.Y 2019 - A.Y 2023
Bachelor of Science in Information Technology Cabanatuan City, PH

Skilled in IT fundamentals, including software development, network administration, cybersecurity, and data management. Hands-on experience from projects and internships, with strong problem-solving abilities and technical expertise ready for real-world applications.

Wesleyan University - Philippines A.Y 2017 - A.Y 2019
Science, Technology, Engineering, and Mathematics Cabanatuan City, PH

Gained expertise in scientific analysis, technological solutions, engineering practices, and mathematical techniques. Developed strong problem-solving skills through interdisciplinary coursework and hands-on projects.
